

Introducing the new \$15 million Active Women and Girls Funding Program!

The Queensland Government's new Active Women and Girls program aims to increase female participation across all areas of sports and recreation – from coaching and volunteering, to umpiring and team management, to inspire the next generation of female athletes and secure the sporting future of women and girls across Queensland.

Funding can be used for female coach employment, volunteer and team management training courses, equipment procurement, volunteer recognition, open days, and targeted programs, to name a few.

Join us in investing not just in sport and recreation, but in equality. By applying for this funding, you contribute to creating a level playing field for women and girls in sports and active recreation.

Organisations are only eligible in one of the following categories:

- Category 1 – applicants are eligible for \$7,500 in funding.
- Category 2 – applicants are eligible for \$25,000 in funding.
