Our Biosecurity Plan

We take biosecurity seriously and have measures in place to mitigate the risk of infections, diseases and pests. Our event biosecurity plan is a set of preventative control measures and actions aimed at reducing the risk of infectious diseases and pests on and off the venue, and between horses at the venue.

What to expect in the unlikely event of a Biosecurity Incident

In the unlikely event of a biosecurity incident, the Biosecurity Manager and the organizing committee will implement our event biosecurity plan.

You will be notified about the incident and expected to follow the directions given by the organising committee.

Everyone will be expected to remain at the venue until cleared to leave by the organising committee and Biosecurity Manager.

In the event of horse movement restrictions participants are responsible for the care, maintenance and cost of their horses and themselves, including feeding, bedding, vets and personal needs.

If a horse is confirmed to have an infectious disease the owner/ lessee will be responsible for all vet cost and if the venue is locked down and quarantined will be responsible for all cost associated with this.

Woodford Pony Club wish to THANK all those who have sponsored, donated or supported our Campdraft for 2024.

A big THANK YOU to our Judges and helpers for the time they have given up.

We hope you all have a successful and enjoyable weekend and a safe trip home.

Huge Thank you to our Wonderful Sponsors
