General

Event Manager Role

- Organise the Tetrathlon discipline in accordance with the PCA Tetrathlon Rules.
- Work with any overall event management team.
- Appoint the Phase Stewards and other key officials.
- Ensure adequate communication is maintained with all officials and emergency services personnel prior to and during the event.
- Determine the number of helper duties required for each phase and provide this information to the Event Secretary.

Event Secretary Role

- Prepare marshalling sheets for each phase – i.e. running start times, seeded swimming heats, shooting details, riding draws.
- Prepare scoring sheets for each phase – i.e. running recording sheets, swimming timing tickets, shooting recording sheets, riding jump recording sheets and gate and slip rail recording sheets.
- Allocate helper duties as required for each phase.

Official Technical Delegate Role

- To be from the current Technical Delegate Accredited list
- Oversee and liaise with Phase Stewards on safety, conduct and fairness in all phases of the event.
- Inspect and approve the sites and equipment for the four phases.
- Ensure the latest information concerning competition rules and management is available at the Technical meeting.
- Ensure the correct running of each phase according to the PCA Tetrathlon Rules.
- Correctly manage the Jury of Appeal process.
- Verify the accuracy of results prior to publication.
- Ensure the safety and fitness to compete of all competitors.

Official Scorer Role

- Manage the scoring of all phases of the tetrathlon.
- Ensure familiarity with the scoring program and that it is error free.
- Load all relevant competitor details into the scoring program.
- Set up the scoring program for the riding phase once course maps and optimum times are available.
- Score each phase and provide progressive scores for each phase, identify phase winners to 4th.
- Post scores for each phase within 2 hours of the completion of the phase.
- Finalise individual and team placings.

Refreshment Team

- Provide refreshments for officials (and volunteers if a particularly long duty).

Technical Meeting

A Technical Meeting should be held prior to start of competition, attendance is compulsory for coaches and team managers. Parents and competitors are not to attend.

At the Technical Meeting the following information will be distributed:

- Competition schedule including course walk times
- Competition area map including training venues and times
- Plans for running and riding courses
- Start lists for all phases
- Medical Plan

Jury of Appeal

The Jury of Appeal consists of the:

- Official Technical Delegate, who should act as Chairperson and will have the casting vote
- Phase Steward of the phase concerned
- Member of State or National Event Committee or the Tetrathlon Committee
- Members of the Jury of Appeal should not include a relative, coach or any other connected person to a competitor in the age group or class which the appeal concerns.
- The Jury of Appeal meets to decide on appeals and protests and must meet immediately after having received the protest.
- The Jury of Appeal will give its decision after the investigation and its decision is final.
- The Jury of Appeal must remain on the ground until half an hour after the scores for each phase have been published.

Riding

THE COURSE (as per the PCA Tetrathlon Rule Book 2021)

The riding phase will consist of a jumping/derby course and will ideally include a gate and a slip rail. In a Derby, some cross country style fences of any type may be included in the form of portable or permanent obstacles, secured and built to the standard of PCA Eventing rules.

- The length of the course shall not exceed 1850 metres.
- The course shall be limited to a minimum of 12 and a maximum of 18 jumping efforts.
- The slip rail and gate are not included as jumping efforts.
- No course shall contain more than one double and one triple combination or two double combinations, if a triple is not included.
- Maximum height of fences will be Sub-Junior 75cm, Junior 85cm and Senior 95cm.
- This is the absolute maximum height of fences, there is no allowance for brush fences to be over height.
- The maximum width of obstacles at their highest point is to be no wider than the maximum allowable height.
- A mounting block will be available for use by competitors and will be no further than 15 metres from the slip rail.

APPOINTED POSITIONS

Phase Steward

- Manage and coordinate the activities of all riding phase officials.
- Provide the Course Builder with the specifications of the course and supervise the building of the course.
- Plan the warm-up arena to ensure efficient marshalling and gear checking.
- Ensure all equipment, marshalling files and scoring files are functional, correctly prepared and distributed to officials.
- Conduct a briefing for those doing helper duties.
- Ensure all score sheets get to the Scorer.
- In conjunction with the Official Technical Delegate decide on any suggestions or complaints received from team managers relating to the phase.
- Support officials in implementing the rules if required, i.e. Gear Checkers may consult if they have concerns.
- Contact and consult with the Official Technical Delegate if any issues with horse or rider safety are observed.
- Participate in the Jury of Appeal if required.

Course Builder

- Build the course for the riding phase in accordance with the PCA Tetrathlon rules.
- Complete the course inspection with Official Technical Delegate and the Phase Steward, making amendments as required.
- Provide a course map prior to the Technical Meeting.
- Remain at the venue during the competition to carry out correct re-positioning of knocked down obstacles or flags.

- Contact and consult with the Official Technical Delegate if any issues with horse or rider safety are observed.

Riding Phase Judge

- Controls the competition in the competition arena.
- Gives the signal to start by using the bell.
- Verbally reports clear or the faults incurred at each obstacle to the penciller.
- Readies the timekeepers by announcing as the competitor approaches the start flags and calls the start of the round. Announces the competitor is approaching the finish flags and calls the finish of the round.
- The judge has the authority to stop a round if they deem the rider is in danger and unable to safely complete the round.

Commentator

- Call the progress of the competition using all available information.
- Encourage crowd support at appropriate times and discourage at inappropriate times.

HELPER DUTY POSITIONS

Gear Checkers (2)

- Need to have a sound knowledge of the relevant gear checking rules.
- Control the entry of competitors into the warm-up area, competitors must be gear checked before entering the area with the warm-up jumps.

Warm-up Ring Marshals (2 or more)

- Ensure efficient and safe flow through the warm-up area and into the competition arena.
- Supervise the warm-up area.
- Contact and consult with the Official Technical Delegate if any issues with horse or rider safety are observed.

Penciller (1)

- Record clear or penalty at each obstacle as called by the judge.
- Record the rider's time as verbalised by the timekeepers.

Timekeepers (2)

- Start and stop the stopwatch on the call of the Judge.
- Report the time to the Penciller.

Gate and Slip Rail Timekeepers (4)

- Two people are required for each obstacle, one on the stopwatch and one observing the rider.
- They must be on the course near the obstacle where they can see clearly but preferably a minimum of 5m away.
- Start the stopwatch at the time specified in the rules and stop when the obstacle is completed as specified by the rules.

- Riders are allowed 30 seconds to complete the gate. Timing starts from when the rider first touches the gate.
- The gate is completed when the latch is closed so it “requires the locking mechanism to be moved or otherwise disengaged in order for the gate to be opened. Simply pushing on the gate with moderate force will not cause the gate to open.”
- Riders are allowed 30 seconds to complete the slip rail. Riders must dismount.
- Timing starts from when both of the riders’ feet touch the ground. The slip rail is completed when the slip rail is replaced and the rider has let go.
- If 30 seconds elapses before the obstacle is completed inform the rider their time is up and tell them to move on.
- Replace the gate/slip rail to its original position as soon as the rider has moved on.
- Assist riders to remount after the slip rail only if they ask for assistance (60 point penalty). A mounting block is provided no further than 15m from the slip rail and does not incur a penalty if used.

Jump Judges

- May be required if there are obstacles not in the direct line of sight of the Riding Phase Judge.
- Record each rider as clear or the faults incurred at the fence.
- Should have direct communication links with the Judge and have in their possession a timing device and a Red Flag, in case a rider needs to be halted, whilst on course.
- Record the time held for any rider halted on the course.
- A Jump Judge can notify the TD if they have concerns over rider safety or horse welfare based on their observation of horsemanship, effective control or athletic ability.
- May assist riders to fix any issues with unsafe gear with no penalty except for the time incurred to stop and fix the issue.

Course Build (4)

- Assist with course building under the direction of the Course Builder at the time designated in the helper duties.

Arena Party (2)

- Pick up rails during the competition, assist with height change as required.

Running

THE COURSE

- The course must be clearly marked without the need for navigation.
- The next marker must be clearly visible from the previous marker.
- The course shall be cross country in nature and may include obstacles that must be negotiated.
- To facilitate accurate timing and to assure equal amounts of uphill and downhill terrain in the course, the start and finish should be close to the same elevation and within 20 meters of each other.
- Where there are compulsory turning points or compulsory routes to be followed (eg over an obstacle), course markers must use a red flag or marker on the right and a white flag or marker on the left.
- Where appropriate, yellow or orange direction indicators can also be used.
- All markers must have the same significance as on a riding course.

APPOINTED POSITIONS

Phase Steward

- Manage and coordinate the activities of all running phase officials.
- Supervise the marking of the course; check location of compulsory checkpoints to prevent short cuts being possible, ensure the course is clearly marked and can be easily followed and spectators can be adequately controlled while being able to view the action.
- Ensure all equipment, marshalling files and scoring files are functional, correctly prepared and distributed to officials.
- Conduct a briefing for those doing helper duties.
- Ensure all score sheets get to the scorer.
- In conjunction with the Official Technical Delegate decide on any verbal suggestions or complaints received from team managers relating to the phase.
- Participate in the Jury of Appeal if required.

Course Builder

- Sets the course - suggest a 1km loop for ease of timekeeping and controlling the phase.
- Provide course map(s) to be included in event manual, map must show all compulsory checkpoints.

Starter

- Synchronise a stopwatch with the finish timers to use for the countdown.
- Call the start with a warning at '30 seconds', '15 seconds', '10 seconds', '5, 4, 3, 2, 1, GO'.
- Record any runners who leave before 'GO'.

Chief Timekeeper and Recorder

- Oversee all timekeepers and coordinate initial synchronisation of stop watches.
- Hold two spare stop watches as backup.
- Record back number and finish time as called by helper duty timekeepers.

Commentator

- Call the progress of the competition using all available information.
- Encourage crowd support at appropriate times and discourage at inappropriate times.

HELPER DUTY POSITIONS

Timekeepers (3-4)

- Synchronise stopwatch before the first runner commences as instructed by Chief Timekeeper.
- Identify runner as they approach, call number to the Recorder.
- Press lap as runner passes through finish, call time to the Recorder, release 'lap' ready for the next runner.
- Work in a cycle with 2-3 other timekeepers.

Lap Recorders (2)

- Record runners as they pass through the start line for the second and third lap (2 and 3 km runners).

Marshal (1)

- Assemble runners in start order, send them to start line 45 seconds prior to their start time.

Checkpoint Officials (4+ as needed)

- Record back number as runners pass through compulsory flags.
- Observe, record and report any rule violations i.e. course deviations, use of pacer, receiving directions or assistance.

Running time calculators

Tables for scoring the different age groups are on the following pages.

To use the tables, read across the top of the table for the minutes and down the first column for the seconds on the appropriate page.

Swimming

THE VENUE

- The pool should be 25m or 50m and any number of lanes from 6 to 12 is acceptable.
- For National and State level competitions the pool temperature should be in the range 25-28°C. The optimum temperature is 26°C. For lower level competitions, pool temperature should be as close to these as practicable.
- Ideally starting blocks should be available for swimmers to use if they choose to.
- There should be suitable shade to protect swimmers and good spectator facilities.
- A PA system or microphone should be available.

APPOINTED POSITIONS

Phase Steward

- Manage and coordinate the activities of all swimming phase officials.
- Ensure all equipment, marshalling files and scoring files are functional, correctly prepared and distributed to officials.
- Conduct a briefing for those doing helper duties.
- Observe competition for any irregular occurrences.
- Ensure all score sheets get to the scorer.
- In conjunction with the Official Technical Delegate decide on any verbal suggestions or complaints received from team managers relating to the phase.
- Participate in the Jury of Appeal if required.

Starter

- Has full control of swimmers once handed over from the Marshal.
- Ensures all timekeepers are ready for the heat start.
- Signals to competitors, via a long whistle, to take their positions on the starting blocks.
- Starts the race using "Take your marks" followed by the start signal.
- There is NO command "Get Set" in the race start for swimming.
- Identify any swimmers who break the start and apply the following protocols.
- Any swimmer who breaks after the Starter has said "Take your marks" and before the start signal is awarded 30 penalty points and the heat continues with no recall.
- Any swimmer who accidentally falls in prior to the Starter saying "Take your marks" must remain in the water, hold the wall and start in the water on the start signal with no penalty.
- Any swimmer who deliberately starts prior to the Starter saying, "Take your marks" and continues to swim without returning to the wall will be eliminated and score zero for the phase.
- Can report a swimmer for any misconduct at the start.
- Controls the exit of swimmers from the water.
- All swimmers must stay in their assigned lane until they are given permission to exit.
- Swimmers must exit via the side of the pool not the end of the pool.

Chief Timekeeper

- Start two spare time stop watches every heat, and replace a timekeeper's timing in case of any equipment or operational failure.
- Record for each heat: the fastest time and finish order by lane of each heat as a backup check, in case of protests.

Commentator

- Call the progress of the competition using all available information.
- Encourage crowd support at appropriate times and discourage at inappropriate times.

HELPER DUTY POSITIONS

Marshal (1)

- Assemble swimmer prior to each heat.
- Check official numbers align with arm numbers, swimsuits meet regulations and that the swimmers are not using oil or any other fat solution.
- Ensure swimmers are ready for the Starter prior to each heat.

Timekeepers (3 per lane)

- Start stopwatch on Starters signal and stop as swimmer touches the wall after the final lap.
- Observe swimmers to ensure they contact the wall during the turn, record violations.
- Record the heat, lane, competitor name and number and all three times per lane on the recording slip.
- Clear stopwatch once times are recorded and pay attention to the Starter to acknowledge your readiness for the next heat.
- If a stopwatch fails or the start is missed, signal to the Chief Timekeeper that a backup stopwatch time will be needed.

Turn Judges (2)

- Located at the opposite end of the pool to the timekeepers.
- Observe the swimmers turn and ensure some part of the body contacts the wall, record violations.

Slip Runner (1)

- Collect timing slips from each lane at the end of each heat and take to the scorer.

Swimming Tables

Directions on Use of Swimming Tables

The tables for scoring the swimming phases are found on the following page top of the table for the minutes and down the first column for the seconds Times for boys and girls are the same, as they are run as separate classes. If Organisers want to run the genders together they can use the 2019 points sheets.

Shooting

THE VENUE

- Ideally the venue should be indoors, with good, consistent lighting and an even, low-slip footing.
- Secure, entry and exit areas that can be easily controlled will assist to limit access to the Range for anybody not involved in the immediate detail and allow for efficient marshalling.
- The venue needs to be of sufficient size to accommodate the Range itself; 10m for Jnr & Snr, 7m for Sub-Jnr.
- Shooting bays should have a minimum of 1m between targets. The centre of the target to be 1.4m above the ground (plus or minus 5cm).
- Shooting bays and targets need to have corresponding numbers 25cm high and the table should be 0.7 – 0.8m tall.
- Scorers should be in the line of sight to the computer screen to record the number of shots and score for each shot.
- Chairs and clipboards should be provided for Scorers and a flip card with a Red surface and White surface to indicate to the Range Officer if their Competitor has finished their 'Preparation Time'.

APPOINTED POSITIONS

Phase Steward

- Manage and coordinate the activities of all shooting phase officials.
- Prepare the shooting range for training and competition.
- Ensure all competitors undertake a safety briefing prior any shooting. This is a requirement prior to training sessions or the competition itself.
- Shooting sessions to be supervised by experienced officials.
- Ensure all equipment, marshalling files and scoring files are functional, correctly prepared and distributed to officials.
- Conduct a briefing for those doing helper duties.
- Observe competition for any irregular occurrences.
- Ensure all score sheets get to the scorer.
- In conjunction with the Official Technical Delegate decide on any verbal suggestions or complaints received from team managers relating to the phase.
- Control the spectators present if the venue space permits.
- Participate in the Jury of Appeal if required.

Range Officer

- Call the competition according to the following procedure:

Procedure and Commands for the Preparation Time

- "Competitors to the line for your 5 minute preparation time" – Competitors to open cases, place pistol on the table, settle and take up stance.
- "Load" – Competitors to pick up and load the pistol but keep the pistol barrel in contact with the table.
- "Start" – Competitors to start their 5 minutes of unlimited practice shots.
- "30 seconds" – Warning that 4 minutes and 30 seconds has elapsed.

- “Stop” – Competitors to cease fire and pace pistols on the table in a safe position.
- “Range is safe” – All laptops will be cleared ready for the competition series.

Procedure and Commands for the Competition Series

- “Competitors to the line for your first (or second) series of 5 shots in 2 minutes” – Competitors to settle and take up a stance.
- “Load” – Competitors to pick up and load the pistol but keep the pistol barrel in contact with the table.
- “Start” – Competitors to start their 2 minutes for their 5 competition shots.
- “30 seconds” – Warning that 1 minute and 30 seconds has elapsed.
- “Stop” – Competitors to cease fire and pace pistols on the table in a safe position.
- “Range is safe” – All laptops will be cleared once scores have been recorded ready for the next competition series.
- The above procedure is repeated for the Second Competition Series of 5 shots. This takes place at least 1 minute after the command “Stop” in the First Competition Series.

HELPER DUTY POSITIONS

Marshal (1)

- Assemble competitors prior to each heat.

Weapons Check Officer (1 with good understanding of equipment rules)

- Conduct weapons check in marshalling area prior to entry into the shooting range.

Shooting Bay Judges (1 per bay)

- In Preparation Time flip card from red to white when the shooter indicates they have completed their practice shots.
- Clear the target ready for the competition round.
- Start a stopwatch when the Range Officer calls “Start”.
- Observe all shots fired, record each shot as it is fired and the total score for the 5 shots in the series.
- Warn the competitor after 4 shots as per "Name 4 shots".
- Ensure the competitor is not in contact with the table while taking the shot, give a warning for the first offence, record subsequent offences.
- Ensure the competitor touches the table with the pistol between each shot, give a warning for the first offence, record subsequent offences.
- After each shooting series is complete and recorded; ensure the pistol is safe, not loaded, in contact with table, and facing down range.
- Stop and reset the stopwatch and abort and clear the computer target.
- If a competitor calls for malfunction, stop the stopwatch so that the time remaining in the round may be resumed once the malfunction is resolved.
- Once both Competition Series are completed, ask the shooter to sign the score sheet to verify the shots scored.

Equipment List

Phase	Equipment	Quantity
General	Clip Boards	
	Back numbers	
	Rule Book	
	Pens, pencils, sharpeners	
	Stopwatches	
	Hi Vis Vests	
	UHF radios	
	Phase award ribbons (to 4th)	
	Shade gazebos	
	Bunting for spectator control	
Running	Marshalling sheets - Run Order	
	Recording Sheets for Finish, Lap counters and Checkpoints	
	Timing System	
	Digital clock	
	Witches hats	
	Red and white compulsory flags	
	Start and Finish line markers	
	Tables and chairs	
Swimming	Marshalling Sheets - Heats	
	Electronic Timing System	
	Time Recording Slips (if electronic timing not available)	
	Starter Gun/whistle	
	Turn Judge recording sheets	

Shooting	Marshalling sheets – shoot details	
	Score recording sheets	
	Targets and computers	
	Laser pistols for pool use	
	Tables	
	Chairs	
	Mats for tables	
	Target holders	
	Tape for floor markings	
	Pistol check equipment	
Riding	Gate	
	Slip rail	
	Jumps	
	Cross country jumps	
	Warm up jumps	
	Score Sheets - Jumping round, Gate, Slip Rail	
	Marshalling Sheets – Marshals, Gear Check Judge's box	
	Gear Check Manual	
	Timing equipment /automatic	
	Bell	
	Course maps	
	Mounting block	
	Judges Box	
	Start and Finish flags	
	Jump numbers	
	Flags	
	Bunting/railing to define SJ arena	

Slip Rail and Gate requirements

There are many possible combinations and designs of the slip rail/gate obstacle, as long as the course builder, riding director and technical delegate consider it safe. This is so the obstacle can suit the area available and situation. Below are some guidelines if needed.

SLIP RAIL

The recommended dimensions for the slip rail are shown below.

Slip Rail Opening Width (m)	Minimum length of the movable top rail (m)	Height of the Top Rail from the ground (m)	Height of the non-movable lower rail off the ground
1.8m (6 ft) minimum	2.4 (8ft)	0.9m (3ft) minimum	15cm
2.4m (8ft) maximum	3.0 (10ft)	1.2m (4ft) maximum	25cm

The slip rail should be supported by 'wings' on either side of the slip rail opening.

The 'wings' should be secured to the ground and stable. The only movable structure is the top rail which can either slide horizontally or be lowered to the ground.

The below style represents the most used slip rail design in other countries. An acceptable alternative is to have no lower rail and only a movable top rail.

GATE

The recommended dimensions for the Gate are shown below.

Gate Width (m)	Height of the top of the gate (m)	Closure mechanism	Height of 'closing post' above the top of the gate height
1.8m (6 ft) minimum	1.2m (4ft) minimum	Rope loop placed over the 'closing post'	10cm minimum
3.6m (12ft) maximum	1.5m (5ft) maximum		20cm maximum

The gate should be supported by 'wings' that stretch either side of the gate for approximately 3m (9ft) and are secured to the ground.

The only movable portion is the gate on its hinges and the closing mechanism.

A "stop" on the near side of the post adjacent to the latching end of the gate will permit the gate to be opened in the forward direction only.

The recommended closing mechanism is a loop of rope or other flexible material, fastened to the top of the opening end of the gate, which can be placed completely over the inner post (closing post) of the wing. The closing post should be approximately 15cm higher than the gate.

Tetrathlon Shooting Range Officer Commands

Procedure and Commands for the Preparation Time

- “Competitors to the line for your 5 minute preparation time” – Competitors to open cases, place pistol on the table, settle and take up stance.
- “Load” – Competitors to pick up and load the pistol but keep the pistol barrel in contact with the table.
- “Start” – Competitors to start their 5 minutes of unlimited practice shots.
- “30 seconds” – Warning that 4 minutes and 30 seconds has elapsed.
- “Stop” – Competitors to cease fire and pace pistols on the table in a safe position.
- “Range is safe” – All laptops will be cleared ready for the competition series.

Procedure and Commands for the Competition Series

- “Competitors to the line for your first (or second) series of 5 shots in 2 minutes” – Competitors to settle and take up a stance.
- “Load” – Competitors to pick up and load the pistol but keep the pistol barrel in contact with the table.
- “Start” – Competitors to start their 2 minutes for their 5 competition shots.
- “30 seconds” – Warning that 1 minute and 30 seconds has elapsed.
- “Stop” – Competitors to cease fire and pace pistols on the table in a safe position.
- “Range is safe” – All laptops will be cleared once scores have been recorded ready for the next competition series.

The above procedure is repeated for the Second Competition Series of 5 shots. This takes place at least 1 minute after the command “Stop” in the First Competition Series.
