#### **SENIORS**

- Seniors choose any height they wish to compete in, including 60cm & 70cm, if not stated will be placed in 80cm.
- However, to be eligible for overall award they must choose 70cm and above, in the Official section, and be combined in the classes for 13 years & under 26 years. If no competitors in their nominated height, then combine with athletes under 13 years.
- Seniors may choose to athlete at heights lower than 70cm but are not eligible for the Overall Senior Award.
- Seniors compete as though they are part of the group, and are placed as if they were in the group BUT THEN they are recorded separately AS they do not take a place from an athlete under 26. (e.g., Jan (Senior) is placed 3<sup>rd</sup> in the 90cm AM5 group so is awarded 8 points on the senior scoresheet; the next placed Under 26 athlete in the group is then placed 3<sup>rd</sup>).
- If there is equality for overall Senior, the athlete in the higher level is placed ahead of the other, if in the same level then calculated as for other groups as per rule book.

#### **Article 238 – Methods of determining the scores under Table A**

##### **2. Competitions against the clock**

2.2 One Round with two Jump Offs (AM5) This is a competition against the clock, but in the event of equality of penalties for first place, there will be one jump-off against the clock.

Other athletes are placed according to their penalties and time in the first round.

2.4 One Round with an Immediate Jump Off (AM7) See 245.3 A competition judged under Table A not against the clock with a time allowed in the first round or against the clock. A competitor who incurs any jumping or time penalties in the first round must leave the arena immediately on completion of their first round. A competitor with a clear round must remain in the arena for a jump-off against the clock, the judge rings the bell to indicate to the competitor to start the jumping course during which the forty-five (45) second rule set forth in Para 203.1.2 above applies. In the case of equality of penalties in the jump-off, time will decide. In the case of equality of penalties and time, the competitors will be tied. If the number of competitors who reach the jump-off are insufficient to fill the places, the additional places will be decided:

Option A: Placings according to penalties in the first round, with ties as necessary;

Option B: Placings according to penalties and time in the first round. (June 12).

#### **Article 274 (Power & Speed)**

2.3 Athletes penalised in the first phase are halted by ringing the bell after they have jumped the last obstacle or when the time allowed for the first phase has been exceeded, after crossing the finishing line of the first phase. Athletes not penalised in the first phase continue the course, which finishes, after crossing the second finishing line.

5.3. Table A: Against the clock: According to the penalties and time in the 2nd phase Athletes who do not qualify for the 2nd phase are placed according to the penalties and time in the first phase. (This allows separation of riders on equal penalties in first phase, if needed to fill placings)
